80,000 READERS IN NORTH AMERICA / 40,000 READERS IN ASIA, EUROPE
Our readers are mostly Hindu—or not—mostly professional and affluent, and often students, artists or people dedicated to worthy causes. They are in general religious and active practitioners, sometimes seekers, or simply people who wish to learn more of Hinduism's varied aspects and branches. The great majority share the desire of growing spiritually and count on the magazine to provide the inspiration and the tools to proceed. They respond well to announcements about spiritual events, teachings, teachers, books and devotional items such as deity statues. They are highly interested in the various areas the magazine covers: tolerance, ahimsa, vegetarianism, healthy and natural lifestyles, ecology, interfaith harmony, yoga, meditation and traditional ethical principles.
