## US Shopping Dollars Fuel Hindu Dharma!

US Youth Can Now Be eScrip HINDUISM TODAY Beneficiaries

Are you concerned about the fate of dharma in the lives of the next generation of American born Hindus? Ever wonder why so few teenagers show up at our US temples? Did you ever ask, "How can we educate Hindu youth, pass the traditions into their hands?" We have an answer. Become an eScrip supporter of Himalayan Academy Publications. A percentage of every dollar you spend at participating merchants will go to support free subscriptions to HINDUISM TODAY for youth between the ages of 13 and 21. We know after twenty years of experience that young Hindus "weaned" on HINDUISM TODAY from childhood grow up proud Hindus. Now you can promote this educational boon—big time!

### What is eScrip?

The concept is simple. Thousands of non-profits are already making the program successful. For example, if you become a Safeway Club card holder, whenever you purchase \$100 worth of groceries, Safeway will automatically transfer 2 percent, or \$2 to the

Himalayan Academy eScrip account. This revenue is then used to provide free HINDUISM TODAY subscriptions to youth. Your normal household purchases can support Hinduism in the US. It costs you nothing; the merchant pays it all! Percentages vary among participating merchants. For example, Sharper Image will give as much as 10 percent of your purchase to the eScrip beneficiary of your choice. For each \$500 purchase, Sharper Image will send \$50 to Himalayan Academy Publications!

Signing up is easy. Become a supporter today!

A percentage of your purchase is sent by the merchant to Himalayan Academy's eScrip account. There are no gimmicks; no extra costs for you.
